A message from your new HOA Board President

Happy New Year. What, yes, Happy New Year. Camelot Lakes Village HOA has a fiscal year that runs from 1 April to 31 March. So, as of 1 April it is the beginning of our new year. 2022 to 2023 will be a busy year. We begin this year with a membership of 316. That is the highest in recent memory and speaks well of everyone’s interest in keeping our Village strong and attractive. The most important activity in the coming year will be the negotiation of a new rental agreement with our Village ownership, Cove Communities. As you read this message, we are beginning the process to represent every member of the HOA in the negotiating process. However, that isn’t the only activity this year that your HOA will be active in. We have numerous committees that will work to improve the communication between the homeowners and Village management, as well as our community appearance. Please stay involved by attending HOA meetings and reading the e-mail blasts. If you have questions, please email anyone on the Board. We will get back to you!

Looking forward to a successful year!

Mike Bond

Things are happening with Special Events this year! Our first “basket” of the year “**Rakin in the Cash**” starts March 3 and runs till April 18 at the Informational Meeting. Tickets for this will be sold at most events and at all HOA meetings. We have some exciting plans coming up as well. Our HOA sponsored Community event will feature a Trailer Trash Bash on July 16. Oktoberfest will be for our members only on October 15 and then our Annual Membership Dinner in March. More baskets are coming as well.

Congratulations to all the volunteers that helped make the membership drive a success. We currently have 316 members and still growing!

Thank you to all the residents that have donated towards the Veteran’s Wall of Honor. We are inching closer to our goal. Right now, we have \$1073. Just to clarify, the DAV boxes you may see around are not connected to this project. Cove is sponsoring this at all their properties.
