

## Camelot Lakes Village HOA

**Website:** camelotloakesvillagehoa.com

**Email:** camelotlakesvillagehoa@gmail.com

Contact information for Board of Directors can be found on the webpage.

Recently on Facebook, there have been numerous complaints of gunshots being heard along Gantt Rd. After considerable research including talking to the police and area body shops, the conclusion is most probably an exhaust modification called “straight pipe exhaust”. This modification produces various loud sounds mimicking different kinds of gunshots. For more detailed information, look up straight pipe exhaust on YouTube and it demonstrates the different sounds.

DIRECTOR'S  
message

*Mike Bond*  
*President*

We currently have \$1123 towards our original goal of \$2000 for the Honor Wall display. We still need many photos to complete this. We will be doing a photo op at each Veteran Coffee. Please stop by if you do not have a photo turned in or if you want a new one!

### Veterans Honor Wall Update

The Honor Wall is moving along. However, there are a considerable number of our Vets that do not have a photo on file with us.

We need these to complete our individual displays.

There is **no charge** for this, and a free copy of the photo will be given to you.

**Photos will be taken at the Veterans Coffee on the first Monday of each month starting in May.**

This will take place in the cardroom at 9:00 am

You may wear what you choose, and the photo will be taken with the US flag.

We will be hosting a “community” party, Picnic in the Park on July 16<sup>th</sup>. All residents are invited, and this is free of charge! Tickets will be required to attend and will be available **July 1-11** by contacting Mary Santiago @ 941-922-9064 or Patti Bond @ 618-363-4816

As you are aware, many homes in the Village have changed ownership. We are working diligently to keep track of and contact our new neighbors. Traditionally we would have an annual Membership Drive at the end of the year to renew past members and register new owners. With the high rate of sales, we’ve changed to a year-round registration effort. Our fiscal year runs April 1 through March 31. For our current members, you will be contacted at year end as usual (December/January). For our new members, we will make an effort to contact you throughout the year in two ways. First, by passing out informational HOA packets at the New Resident Orientation, or by dropping one off at your residence. You may always contact any HOA Board Member to receive one as well. Contact information is listed on the website. The benefits of becoming an HOA member will be highlighted in the July Newsletter.

**UPDATED HURRICANE BROCHURES ARE IN THE CLUBHOUSE HOA DISPLAY AND IN THE LIBRARY. PLEASE PICK ONE UP!**

## HURRICANE PREPAREDNESS

Hurricane season is June 1 to November 30.

### ***Evacuation/Emergency Information***

We are fortunate to live in a county where there is plenty of helpful information and lots of shelters including pet friendly ones. We hope we don't have to "buckle up for a bumpy ride" this year, but it certainly never hurts to be prepared.

### **DURING THE HURRICANE WATCH. . .**

1. Fill your car's gas tank.
2. Check flashlight and radio batteries and have extras.
3. Stay tuned to radio and TV stations for weather reports.
4. Refill prescription drugs and obtain special medications.
5. Outline emergency plans with your own family.
6. Arrange for the safety of your pets. Ensure that your pets have current vaccinations, and you have this paperwork. Most shelters require a kennel for your pet. Be sure to check.
7. Gather things you will need if you go to a shelter. Ensure your hurricane survival kit is packed and ready to go at a moment's notice.

### **DURING THE HURRICANE WARNING (when winds are expected to be 74mph within 24 hours).**

1. Protect windows by lowering awnings or installing window protection.
2. Clear yard of loose objects.
3. Plan to evacuate, if ordered.

## **EVACUATION**

If an evacuation order is issued for our area, make sure your home is secure and then leave immediately. All residents of Manufactured Home and RV Communities are required by law to leave if an evacuation order has been given for our area.

Camelot Lakes is a **Level A** evacuation zone according to Sarasota County Emergency Management. We are the first group to evacuate.

## **RECOMMENDED FOR EVACUATION**

1. Turn off water.
2. Unplug and secure high-value electronics equipment. When lowering a television antenna, be very careful and do not touch power lines due to the risk of electrocution.
3. Take important papers with you, including insurance papers and identification with your local address. (Proper ID will help you regain access to the Community after the storm).
4. Store water in jugs, and other containers. Use this water for bathing and sanitary purpose. (Not suitable for drinking).
5. Let relatives and the community office know where you are going.
6. Evacuate to a designated shelter!

## **RECOMMENDED ITEMS FOR A HURRICANE KIT FOR A SHELTER**

1. Medication for 30 Days / Your personal first aid kit
2. Bedding Material (Sleeping Bag) Pillow/ Lounge Chair / Extra Clothes
3. Personal Hygiene Items / Eye Mask for sleeping /Towel & Wash Cloth
4. Personal Phone Book (email addresses)
5. Bottled Water/ Plastic eating utensils / Snack Foods / Dry powder beverage
6. Battery operated Radio with headset (extra batteries)
7. Flashlight/ Playing Cards / Magazines & Books

## **MEDICAL NEEDS PROGRAM:**

Persons with medical needs are encouraged to register for services with Sarasota County prior to emergencies.

Register by calling Sarasota Emergency Management or online

at <https://www.scgov.net/government/emergency-services/emergency-management/medical-needs-program>

More information on Hurricanes is available at:

<https://www.scgov.net/government/emergency-services/hurricane-preparedness>

# DISASTER SUPPLY CHECKLIST

Hurricane season lasts from June 1 to November 30. You should always have a fully stocked disaster supply kit throughout hurricane season. A basic disaster supply kit includes a minimum of 3 days' worth of supplies. A kit should be customized to your specific needs and situation. Below are general guidelines to follow in creating a kit.

## 1 WATER

Minimum guidance is 1 gallon per day, per person with half for drinking and half for sanitation. Before the storm, fill large containers (such as clean soda bottles) with water for drinking and cooking, and fill the bathtub for cleaning and flushing.

## 2 SHELF-STABLE FOOD

Store food that does not require refrigeration or preparation such as canned goods or shelf-stable meals.

## 3 MANUAL CAN OPENER

Keep a manual can opener on hand even if you have an electric can opener in case the power goes out.

## 4 BATTERY-POWERED RADIO

It is important to monitor local media and a battery-powered radio can be used when electrical service is out (some even come with cell phone charging attachments).

## 5 FLASHLIGHT

Have a flashlight in case the power goes out and always keep extra batteries on hand.

## 6 BATTERIES

Have extra batteries on hand in order to power your radio, flashlight, and other supplies in the event that the power goes out. Some power outages can last for days, even after the storm has passed.

## 7 FIRST AID SUPPLIES

Check your supply of non-prescription pain relievers, band-aids, antibacterial ointment, insect repellent, sunscreen and other items.

## 8 TOILETRIES

Store extra hygiene items, including feminine hygiene products, hand sanitizer, and toilet paper.

## 9 SPECIAL NEED ITEMS

These items could include prescription medications, infant formula or any other specific needs you or your family may have.

## 10 IMPORTANT DOCUMENTS

Store copies of key documents, including your insurance policy, driver's license, birth certificate, Social Security card, and passport.

## 11 CASH

With the power out, some stores may not be able to take credit cards, debit cards, or other forms of electronic payment. Always have some cash on hand.

## 12 PET CARE ITEMS

If you have pets, make sure you have emergency supplies for them as well!
