Email: camelotlakesvillagehoa@gmail.com

Contact information for Board of Directors can be found on the webpage.

Rising to the occasion

Once again, we prove we are a community that cares. Despite our differences, I would like to thank the residents that took time out of their preparations for Hurricane Idalia to check on their neighbors and helped prepare homes of those who are or were out of town. I would especially like to thank the members of the HOA Board of Directors, who, as always, pitched in to help. Thank You!!!

Cleaning Up

Just a reminder. If you have debris from Idalia such as Tree Limbs or Palm Fronds in your yard. **Please move them to the curb.** There are two ways these items will be picked up. First is the Park Management Maintenance Team. They will be going around the village collecting. If you miss them, the second option is Waste Management Yard Waste Pick-up. If you use this option, you will most likely need to bundle the fronds and branches or chop them up and put in yard waste bags (paper or a container) for them to be picked up.

Trash, Recycling, and Yard Waste Pick-Up

Since there are many new Homeowners and residents in the village, it may be time to remind everyone that Waste Management, who provides our pick-up services, does so via a contract with Sarasota County. Not via any arrangement with the Village ownership. The taxes we pay via our lot rent provide for this service. Therefore, if you have an issue with a pick-up or have a question about service, you need to contact Waste Management directly. The Waste Management Phone is 941-355-9230 or WM.com. They also have an application (App) you can download that will give you notices directly.

What's in a name!

During Hurricane Idalia Status Notifications, some residents were confused about the area we are located in. Sarasota is divided between the **City** of Sarasota and Sarasota **County** “unincorporated”. The Emergency Notifications in most cases apply to the entire County of Sarasota, including the city. However, sometimes you may hear the statement “in unincorporated Sarasota County.” In all cases, this applies to Camelot Lakes Village since we are not in the city limits of Sarasota.

Pool reno

The pool is still expected to be finished as previously stated in September. However, it will continue to depend on the weather and any work change orders etc. At this time, it's planned to open the pool while other projects are being done unless those contractors feel it is unsafe.

Oktoberfest will be held September 17th in the Auditorium. This is a complimentary event for “members only”. Please sign up at the Clubhouse and we will deliver your tickets! **Last day to sign up is September 13th.**

September & October are the peak months of hurricane season for Florida. Please take the time to be prepared and not wait till it’s too late. If you have not done so yet, get a copy of the Hurricane Preparedness pamphlets in the library. For those of you that travel a lot or are gone for the summer, you are still responsible to secure your home. Make sure you remove any unsecured items from your yard and carport before you leave or ask a neighbor to help.

Membership Drive will be starting in the next few months. A reminder that ALL Board of Directors are expected to take a Zone. A meeting will be scheduled in October to explain any details and to go over the information packets.

The long-anticipated Veterans Wall of Honor is in the process of being put together. We must have a photo to complete your recognition. We will be calling on those that we don’t have one for, so please start looking! For those that no longer have a military photo to use, we will set up a “photo op” in the auditorium. A flyer with details will be sent out via Email Blast to everyone in the next week.

Our thoughts and prayers go out to our Secretary, Mary Santiago, on the loss of her brother, Robert Clench. May your memories exceed your sorrow.
